The Scottish Gas *energy trust*

trapped in the maze of debt?

The Scottish Gas Energy Trust
offers grants to individuals
and families to help reduce or
clear gas or electricity debt

The Scottish Gas *energy trust*

is the first *national* utility Trust Fund. Receiving donations from Scottish Gas, it seeks to help those most in need with gas and electricity debt.

The Trust is independent of its donor company and is governed by a Board of unpaid Trustees drawn from across the UK.

Trustees recognise that people should have access to basic services, including warmth and light, and, by establishing the Trust seek to make a long term difference to people's lives by reducing the burden of debt, giving them the opportunity to start again and manage their future commitments.

How is a grant paid?

- Grants to cover electricity or gas arrears are paid direct to the company on your behalf
